10 INSPIRATION

We are a family run business, operating for over 25 years, and we have focused solely on Crittall since our inception. We pride ourselves on our experience and understanding of the Crittall range and our expert fitters reflect this.

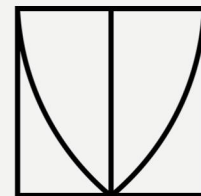

APPROVED CRITTALL® DISTRIBUTOR
AWARD WINNING
HIGHLY RATED
EXPERT FITTERS
FAMILY RUN
WORKING NATIONWIDE

Crittall Windows are the worlds' pre-eminent supplier of steel windows. For over 170 years, the company has been pioneering technical and aesthetic improvements within the metal windows sector and they are still the dominant source of steel windows internationally. Since their initial focus on windows, the company has branched out into other sectors of the glazing industry to manufacture doors, screens, sliding doors and most recently the fire-rated line.

UNSURPASSED LONGEVITY

ENDLESSLY CUSTOMISABLE

DESIGNS

The following three pages present our most frequently chosen design configurations.

01

CHOOSE YOUR DESIGN

Select a single door, double door, or screen design. If your preferred design isn't listed, please contact us, as all Crittall products are bespoke.

02

MEASURE THE SIZE OF YOUR OPENING

Approximate dimensions are sufficient at this stage, a full survey will be carried out later in the process.

03

SELECT THE SERVICE YOU REQUIRE

Select either our supply only service if you have your own installer, or our supply and install service for a complete solution carried out by our expert fitting team.

04

CHOOSE YOUR SPECIFICATION

Please specify whether your chosen Crittall product is intended for an internal or external application, or if you require a fire-rated specification.

05

GET IN TOUCH FOR A QUOTATION

Contact us by phone, email, or through our website's contact form to request a Crittall quotation. We endeavour to provide your quotation promptly.

DETAILS

Details like hardware, colour and glass options can be specified later in the process.

When contacting us by phone, email, or through our website's contact form, please select your preferred screen design and then choose either the single door or double door glazing bar configuration.

SUPPLY ONLY

We supply all Crittall products (except fire-rated) on a supply only basis for you or your builder to install. Once your order is in production, we'll provide glass sizes for you to source. Delivery is free across mainland GB, or you can collect from our Barnsley, South Yorkshire warehouse.

SUPPLY & INSTALL

At KJA Services, we take great pride in our installation service of all Crittall products. Crittall is a high quality and stylish product, and we ensure that our installation process is of the same caliber. Our team of experienced installers have been trained extensively to ensure that every installation is completed to the highest standard.

WORKING NATIONWIDE

We are based in Barnsley, South Yorkshire, and provide our products and services to customers across the entire UK. Our delivery and installation options cover all regions, including England, Scotland, Wales, Northern Ireland, and the Republic of Ireland.

* Free delivery to mainland Great Britain only.

S9 (SCREEN) WITH G (DOUBLE DOOR)

INTERNAL CRITTALL

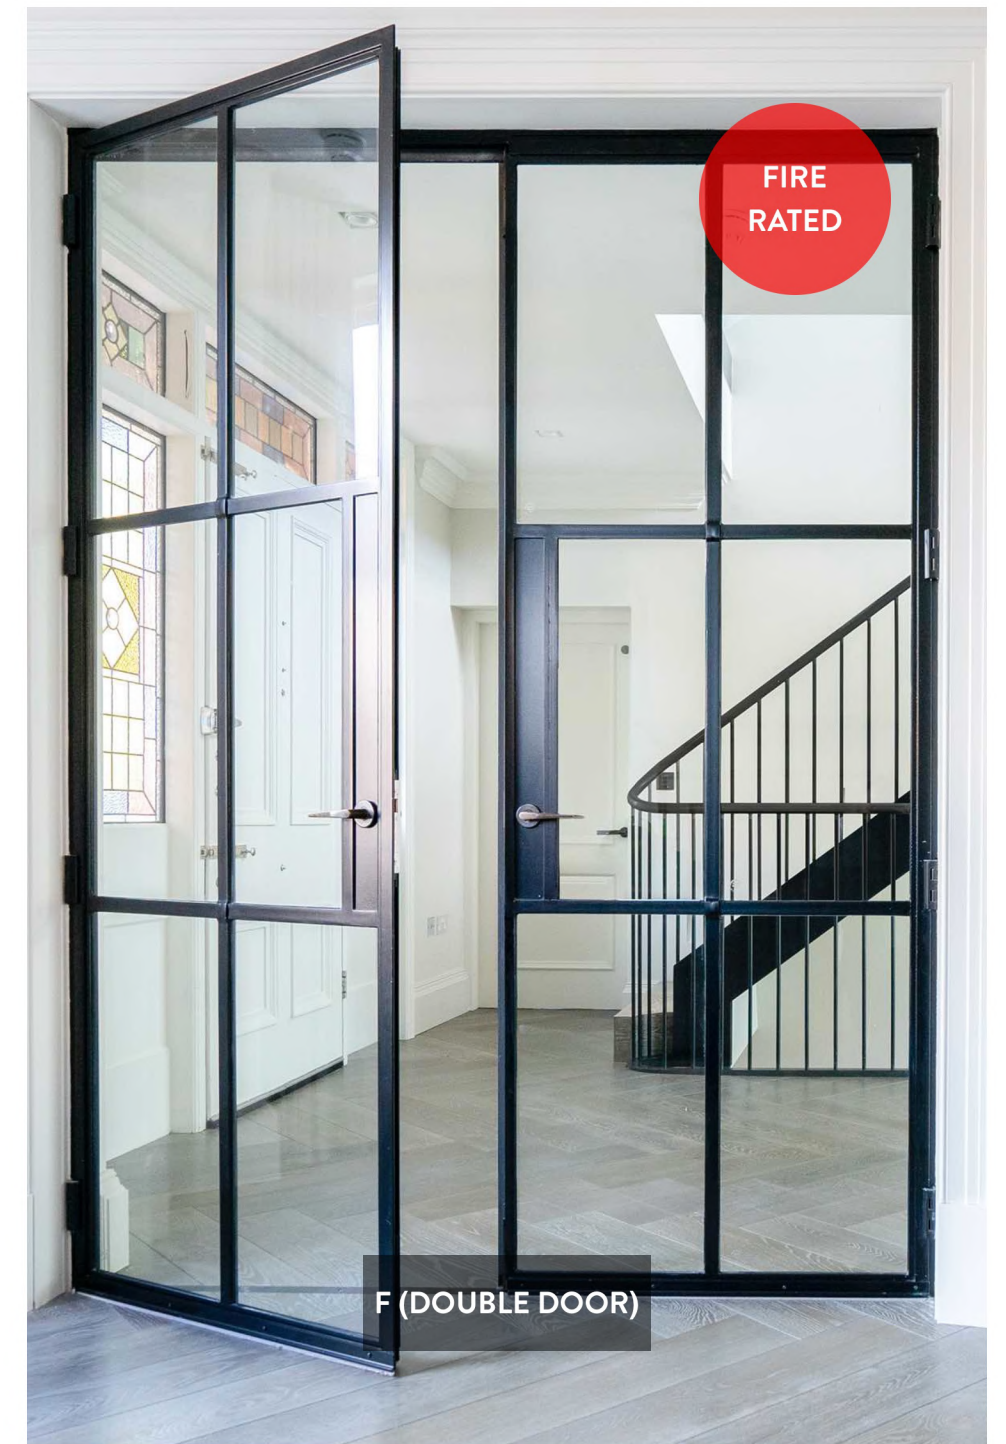

Internal Crittall doors make a stylish addition to any home, whether contemporary or traditional. They create elegant divisions between spaces while allowing natural light to flow freely from room to room.

S7 (SCREEN) WITH B (DOUBLE DOOR)

EXTERNAL CRITTALL

External Crittall doors offer a refined balance between light and style, enhancing natural brightness while preserving your home's traditional appeal. Their slender glazing bars and discreet outer frame create a sleek look that suits both contemporary and traditional homes.

F (DOUBLE DOOR)

FIRE-RATED CRITTALL

Fire-rated Crittall internal doors provide a perfect balance of style, safety, and functionality. Designed to maintain the flow of natural light between spaces, they enhance the aesthetic appeal of any interior while ensuring compliance with building regulation standards. These doors offer 30 minutes integrity only.

SINGLE LOCKBOX

SHORT KICK-PANEL

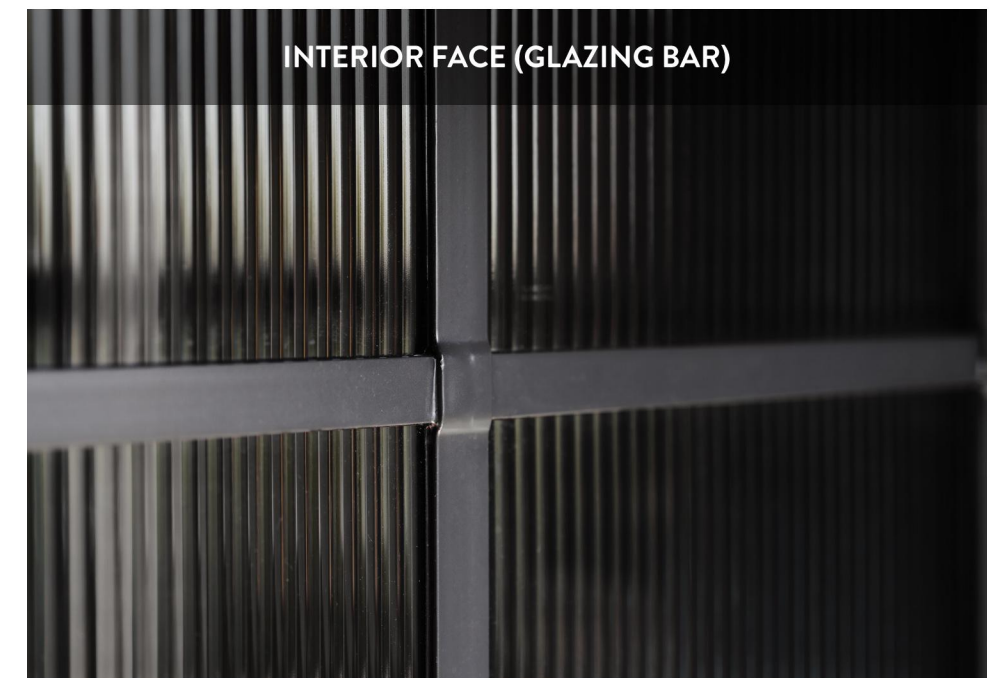

EXTERIOR FACE (GLAZING BAR)

DOUBLE LOCKBOX

TALL KICK-PANEL

INTERIOR FACE (GLAZING BAR)

THE LOCKBOX...

Crittall doors are manufactured with an integrated lockbox that neatly houses the locking mechanism and associated hardware, ensuring both functionality and a clean, streamlined appearance. Depending on the design preference, these doors can be fitted with either a single lockbox for a minimalist look or a double lockbox to create a balanced, symmetrical aesthetic.

THE KICK-PANEL...

Crittall doors can be fitted with an optional kick panel, which is a solid, insulated section at the base of the doors or fixed panels, made from powder-coated steel. Crittall doors are fully bespoke, meaning these panels can be manufactured to any height to suit your individual preference.

THE GLAZING BARS...

The glazing bar sides feature distinct appearances, the exterior face includes a glazing bead that creates a chamfered look, while the interior face is the reverse of the glazing bar T-section and remains flat and minimal. This applies for both internal and external Crittall doors and screens.

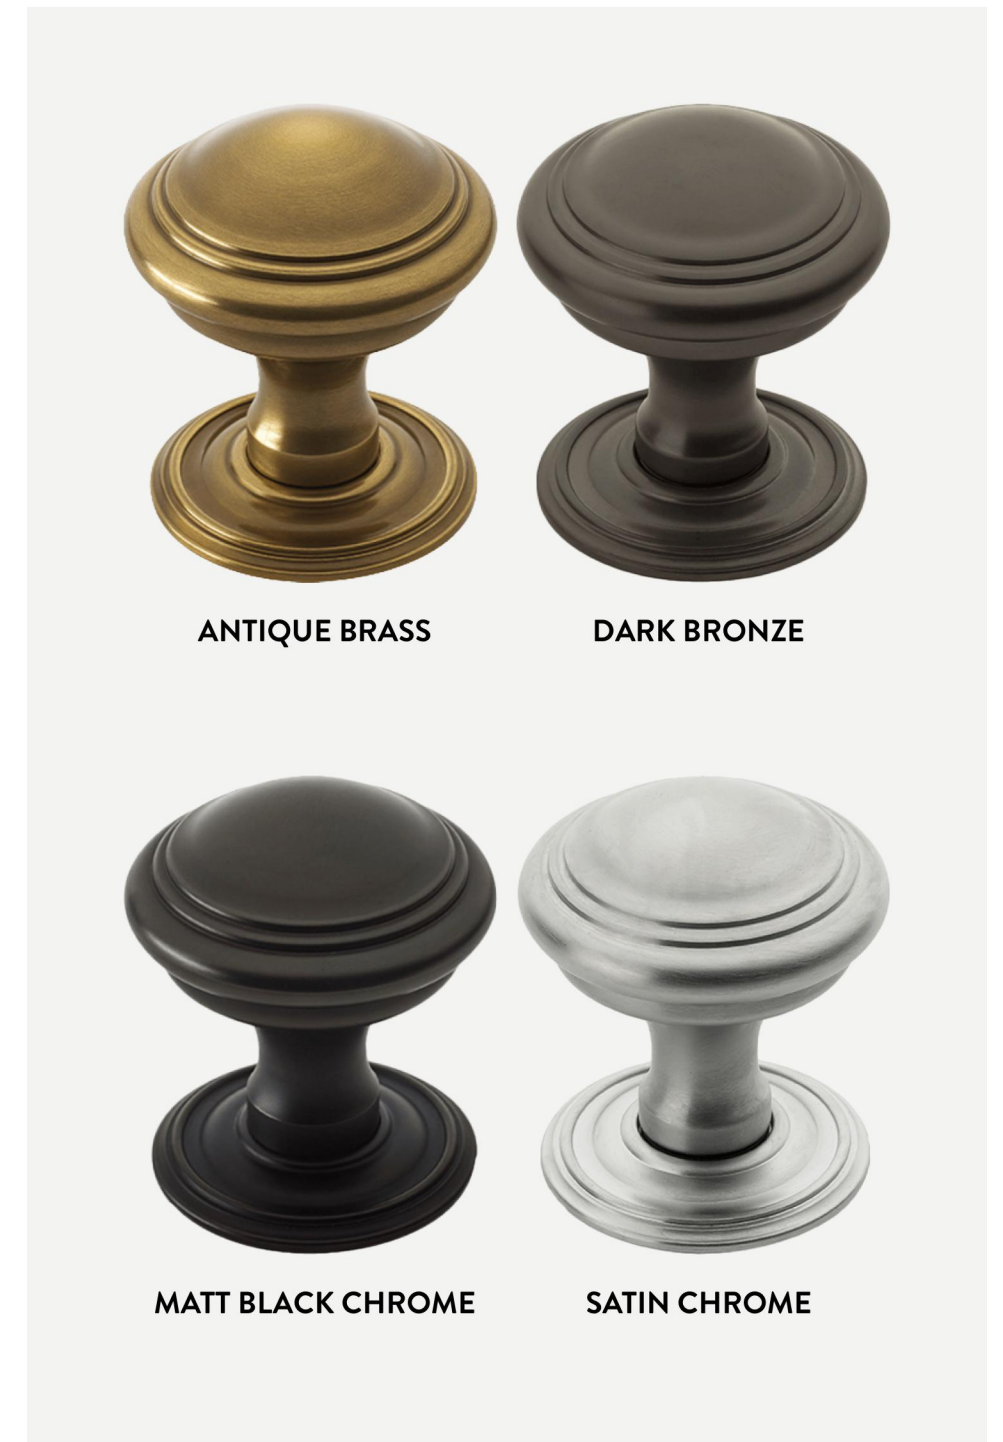

PREMIUM HARDWARE

Crittall doors are fitted with premium, high-quality hardware to ensure durability and performance. It's important to note that while external doors are supplied with a key lock as standard for added security, the internal door range does not include a key lock by default.

HANDLE OPTIONS

The premium hardware range includes four carefully crafted styles, ranging from contemporary to traditional, each designed to offer both aesthetic appeal and lasting durability, as shown above.

FINISH OPTIONS

The premium hardware finishes, as listed above, are offered in four distinct options, each providing a unique combination of colour and style. This range allows for greater customisation, ensuring that the hardware can complement a variety of interior and exterior design aesthetics.
